

Easy to Use on the Toughest of Turf.

Reciprocating Aerator

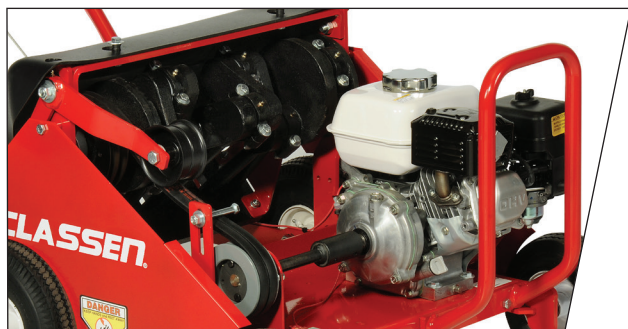

- As easy to use and maneuver as a walk-behind mower
- Punches cleaner holes in tough, hardened soil, no additional weights needed
- Industry best 10 holes per square ft.

Reciprocating tine design covers more turf in less time with less fatigue.

CLASSEN®

SERIOUS LAWN CARE MADE EASY.

Lightweight, two-piece hood reduces overall unit noise and allows easy access for maintenance — drive belt can be replaced without removing the crank shaft.

Folding handle for less space on rental floors and trailers.

Tire scrapes keep tires free from dirt and allow maximum penetration of tines.

Lifting and tie-down handles for easy and safe transportation.
