**Don't muscle the turn. Power it.** The Classen PowerSteer™ Aerator is the ONLY aerator that steers through the tines for non-stop (non-stress) unmatched productivity.

**The newly redesigned and lighter Aerator,** with more comfortable handles and easier to use tine engagement bar, will have you aerating up to 32,850 sq. ft./hour.

### Seriously Maneuverable

The only aerator with power steering! Patented technology powers steering through the tines during aeration for unmatched user comfort.

### Seriously Simple

Low maintenance design with protective chain guards that keep debris out of the chains and sprockets, side bumpers that prevent catching on obstacles and heavy-duty, non-lube ball bearings help keep the machine in tip top shape rental after rental.

### Seriously Productive

Following shapely curves and turning at the end of the row without removing the tines from the ground gets aeration jobs done quicker.

# TA25 POWERSTEER™ AERATOR
